ABOUT ME

I'm a passionate WordPress Developer with a strong focus on crafting modern, responsive websites that reflect brand identity and enhance user experience. I have experience in theme customization, plugin integration, and WooCommerce development. My technical background in MERN stack helps me bring dynamic features to projects. I believe in writing clean, maintainable code and constantly improving through innovation.

MY PROJECT

● WORDPRESS DEVELOPER — FREELANCE / REMOTE (2022 – PRESENT)

- Customized themes and plugin-based features for multiple client projects.
- Managed full website lifecycle: design, development, testing, deployment, and maintenance.
- Integrated WooCommerce for online stores with secure payment gateways.
- Worked with Elementor, Gutenberg, and WPBakery for custom layouts.
- Performed website optimization, caching setup, and SEO improvements.

● WORDPRESS DEVELOPER INTERN — LEXIDOM (2021 – 2022)

- Built and maintained multiple client websites with pixel-perfect UI.
- Converted Figma/UI mockups into dynamic and responsive pages.
- Collaborated on website design and development.
- Assisted in migrating WordPress websites to new servers and maintaining performance.
- Customized plugins and fixed front-end bugs for responsive UI.

Language
